To the holders of ordinary shares and, for information only, to the holders of preference shares

Dear Sir or Madam

Introduction

The purpose of this document is to provide you with information regarding a proposed capitalisation issue by the company.

Pursuant to the capitalisation issue, it is proposed that ordinary shareholders will be allotted new preference shares on the basis of three new preference shares for every 50 ordinary shares held at 6.00 pm on 27 September 2012. The new preference shares will be issued credited as fully paid by way of capitalisation of share premium account.

To avoid allottees of 1,000 or fewer new preference shares being forced to choose between either retaining what they may regard as relatively small allotments or incurring disproportionately high selling costs in realising their allotments, it is further proposed that the company will (except to the extent that allottees otherwise elect) aggregate all new preference shares comprised in allotments of 1,000 or fewer new preference shares and sell the resultant aggregated holding on behalf of the relative allottees (subject to achievement of a minimum gross price of 100p per new preference share as specified below).

Implementation of the capitalisation issue and the sale arrangement requires shareholder approval. Accordingly, a notice is set out at the end of this document convening an extraordinary general meeting of the company, to be held on 27 September 2012, for the purposes of considering and, if thought fit, passing the resolutions necessary to implement the proposals.

Background to the capitalisation issue

As shareholders will be aware, the group's planned extension planting programme and the requirement for investment in estate buildings and other estate plant and equipment that follows any expansion of the group's planted hectareage, will involve the group in substantial capital expenditure for several years to come. In addition, during 2012, completion of the construction of the group's third oil mill and its two new methane conversion plants, together with housing and associated infrastructure, is projected to involve expenditure of some \$30 million. The need to fund this expenditure will constrain the rates at which the directors feel that they can prudently declare or recommend the payment of ordinary dividends in respect of 2012.

The directors believe that capitalisation issues of new preference shares, such as were made in 2011 and on several previous occasions, provide a useful mechanism for augmenting returns to ordinary shareholders in periods in which demands on cash resources limit the scope for payment of ordinary dividends. The capitalisation issue is proposed with this aim.

Capitalisation issue

Upon and subject to the terms and conditions described below, it is proposed that holders of ordinary shares on the register of members at 6.00 pm on 27 September 2012 be allotted 2,004,872 new preference shares credited as fully paid at par by way of capitalisation of £2,004,872 standing to the credit of the company's share premium account, on the following basis:

3 new preference shares for every 50 ordinary shares

(and so in proportion for any greater or lesser number of ordinary shares held) provided that fractional entitlements to new preference shares will be aggregated and sold on terms that the company will be entitled to retain the proceeds of sale.

The 2,004,872 new preference shares proposed to be issued pursuant to the capitalisation issue would represent 4.55 per cent of the 44,068,553 preference shares currently in issue.

Sale arrangement

Under the sale arrangement, it is proposed that where an ordinary shareholder is allotted 1,000 or fewer new preference shares pursuant to the capitalisation issue and such shareholder does not elect to retain the new preference shares in question, the company will, subject as provided below, arrange for those preference shares to be aggregated with similar allotments of preference shares to other ordinary shareholders who do not elect to retain their allotments and placed by Guy Butler Limited with one or a small number of professional investors. The proceeds of sale (net of dealing costs of ½ per cent as referred to below) will then be distributed to the original allottees of the shares so sold *pro rata* to the numbers of shares sold on their behalf.

Whilst it is impossible to predict the price at which the holdings of participants in the sale arrangement will be sold, the company will endeavour to obtain the highest price reasonably realisable at the time of sale. As an indication to prospective participants, the average of the closing mid market quotations for an existing preference share as derived from the Daily Official List of the London Stock Exchange on and for the four dealing days immediately prior to 23 August 2012 (the latest practicable date before the publication of this document) was 109.25p.

The company will not sell new preference shares the subject of the sale arrangement at a price of less than 100p per share. If, as a result, no sale of such new preference shares has been made on or before the close of business on 1 October 2012, the sale arrangement will be abandoned and prospective participants in the sale arrangement will retain the new preference shares allotted to them.

The company has agreed with Guy Butler Limited a dealing commission of ½ per cent of the gross proceeds of shares sold pursuant to the sale arrangement for the services of Guy Butler Limited in connection with the sale arrangement, such commission to be borne by the participants in the arrangement.

On the basis of the composition of the company's register of ordinary shareholders as at 23 August 2012 (the latest practicable date before the publication of this document), 716 ordinary shareholders would be allotted 1,000 or fewer new preference shares pursuant to the capitalisation issue representing in aggregate 61,456 new preference shares (being some 3.07 per cent of the new preference shares proposed to be issued pursuant to the capitalisation issue).

The directors are proposing the sale arrangement because they are concerned that an ordinary shareholder receiving a small allotment of new preference shares pursuant to the capitalisation issue might find it unsatisfactory to be faced with a choice between retaining what he or she may regard as a relatively small investment or incurring disproportionately high selling costs in realising the allotment. Moreover, as was the case in 2011 and in previous years, the directors consider that adding a large number of small holdings of preference shares to the company's register of members may not be in the best interest of the company as a whole, as the future costs to the company of such an addition would, in the opinion of the directors, be disproportionate to the benefits to the company and the members concerned. Because of these factors, the directors have concluded, as they did in 2011 and in previous years, that the applicable small shareholders should not be considered to be in the same position as other shareholders and that the proposed sale arrangement is in the best interests of the company and its shareholders as a whole.

Further terms of the capitalisation issue

The new preference shares to be issued pursuant to the capitalisation issue will upon issue rank *pari passu* in all respects with the existing preference shares and, in particular, will rank for dividend on 31 December 2012 as if their dividend entitlement on that date had accrued (at the rate of 9 per cent per annum) with effect from and including 1 July 2012. The existing preference shares are already admitted to trading on the London Stock Exchange's main market for listed securities.

No expenses of or incidental to the capitalisation issue will be charged to allottees of new preference shares and the new preference shares will be registered by the company in the names of the allottees thereof free of stamp duty and stamp duty reserve tax. New preference shares the subject of the sale arrangement will be sold on terms that stamp duty or stamp duty reserve tax payable on transfer of those shares will be borne by the purchaser(s) of the shares and not the participants in the sale arrangement. However, the dealing commission of ½ per cent referred to above, payable in connection with the sale arrangement, will be deducted in calculating the net proceeds of sale of new preference shares sold pursuant to the arrangement.

No premium will be payable upon issue of any of the new preference shares.

Proposed listing of REA Kaltim on the Indonesia Stock Exchange in Jakarta

As noted in the company's past annual reports, the directors have for some time been debating how the group should in future be structured and managed. The directors have now reached certain conclusions. They have rejected the idea that they were at one time considering of reconstituting the group under the ownership of a new parent company listed on a stock exchange in a South East Asian financial centre. Instead, the directors aim to amalgamate all of the group's Indonesian plantation subsidiaries into a single sub-group headed by the group's principal plantation subsidiary, REA Kaltim, and to make a public offering of a minority shareholding in REA Kaltim (probably 20 per cent) combined with a listing of the shares of REA Kaltim on the Indonesia Stock Exchange in Jakarta. The coal operations of the group will not be included in the proposed listing.

A consequence of this proposed course of action is that the directors intend that the company should, for the foreseeable future, remain listed in the UK.

The proposed listing of REA Kaltim in Indonesia is expected to facilitate local ownership in the plantation interests of the group and to encourage coverage of the plantation interests by South East Asian investment analysts. Moreover, listing REA Kaltim in Indonesia should have the particular advantage that, as a listed company, notwithstanding that it will remain a subsidiary of the company, REA Kaltim should be treated as a local rather than a foreign investor for Indonesian regulatory purposes. The directors believe that establishing a more local profile for the group and facilitating local Indonesian investment in the group's plantation activities is likely to become an increasingly important factor in protecting the group's existing land ownership in East Kalimantan and in determining whether the group is able to add to its existing land holdings.

The directors envisage that the net cash proceeds from the proposed public offering of REA Kaltim shares will be retained within the group and will be utilised to fund an acceleration of the group's planned extension planting programme. They also envisage that concurrently with the public offering, the company would invite ordinary shareholders to approve a further substantial capitalisation issue of new preference shares to ordinary shareholders to offset, in effect, part of the dilution of their effective interest in REA Kaltim.

When the company's 2011 annual report was published, it was indicated that any capitalisation issue of new preference shares to ordinary shareholders that the directors might otherwise consider it appropriate to propose during 2012, might be deferred and included as part of proposals submitted to shareholders for a public offering of REA Kaltim shares and connected changes to the company's issued share capital. It now appears likely that the reorganisation of the shareholdings in the Indonesian plantation companies that will be required to create a new Indonesian sub-group with REA Kaltim as its parent company, a necessary prelude to a public offering of REA Kaltim shares, will take longer to complete than originally envisaged. This means that the earliest time at which it is likely to be practicable to proceed with the proposed public offering and listing will be in the second quarter of 2013. The directors therefore think it appropriate to proceed now with the capitalisation issue being proposed in this document.

Risk factors applicable to the capitalisation issue

The capitalisation issue will result in holders of ordinary shares receiving new preference shares. The risks attaching to an investment in the preference shares differ in some respects from those attached to an investment in the ordinary shares.

The value of an investment in any shares of the company may be affected by many factors including general economic conditions, levels of interest rates, political events and trends, tax laws, rates of inflation and changes or perceived changes in the group's performance and prospects. Because the preference shares are fixed income securities, the impact of such factors on the value of the preference shares may differ from its impact on the ordinary shares.

Conditions

The capitalisation issue and the sale arrangement are conditional upon:

- the passing of the first resolution set out in the notice of the extraordinary general meeting of the company convened for 27 September 2012; and
- admission of the new preference shares to the Official List and to trading on the London Stock Exchange's main market for listed securities and such admissions becoming effective on or before 5.00 pm on 31 October 2012.

The sale arrangement is further conditional upon the passing of the second resolution set out in the notice of the extraordinary general meeting of the company convened for 27 September 2012.

Half yearly report in respect of 2012

Your attention is drawn to the company's half yearly report in respect of 2012, covering the six month period to 30 June 2012, a copy of which accompanies this document. In particular, the report notes that the company is proposing to issue a further 3,926,575 preference shares for cash by way of a placing with institutional investors.

Meeting

As noted above, implementation of the capitalisation issue and the sale arrangement requires shareholder approval. Accordingly, an extraordinary general meeting of the company has been convened for 11.00 am on 27 September 2012, to be held at the London offices of the company's solicitors, Ashurst LLP, at Broadwalk House, 5 Appold Street, London EC2A 2HA. Two resolutions are set out in the notice of such meeting, each of which will be proposed as an ordinary resolution.

The first resolution provides authority pursuant to article 141(a) of the company's articles of association for the directors to implement the capitalisation issue.

The second resolution provides authority pursuant to article 141(b) of the company's articles of association for the directors to effect the proposed sale arrangement.

Action to be taken

Ordinary shareholders will find enclosed with this document a reply paid form of proxy for use in connection with the extraordinary general meeting convened for 27 September 2012. All ordinary shareholders, whether or not they propose to attend the meeting, are urged to complete such form of proxy in accordance with the instructions printed thereon and to return the same by post to Capita Registrars at PXS, 34 Beckenham Road, Beckenham, Kent BR3 4TU so as to arrive as soon as possible but in any event by no later than 48 hours before the time fixed for the meeting. The return of a form of proxy will not prevent an ordinary shareholder from attending the meeting and voting in person if he should so wish.

Ordinary shareholders will also find enclosed a form of election for use in connection with the sale arrangement. Any prospective allottee of 1,000 or fewer new preference shares who wishes to retain some or all of the new preference shares to be allotted to him under the capitalisation issue must complete and return the form of election in accordance with the instructions contained therein and in any event so as to be received by Capita Registrars, Corporate Actions, The Registry, 34 Beckenham Road, Beckenham, Kent BR3 4TU by no later than 3.00 pm on 27 September 2012. A reply paid envelope is enclosed for this purpose. Forms of election will be sent by potential participants in the sale arrangement at the risk of such persons.

Elections to retain new preference shares that would otherwise be subject to the sale arrangement will be irrevocable and may only be made pursuant to the forms of election that are enclosed with this document. Further forms of election, if required as a result of any as yet unregistered sale or other transfers of ordinary shares or any sale or other transfers following the date of this document, are available on request from the company's registrars, Capita Registrars, Corporate Actions, The Registry, 34 Beckenham Road, Beckenham, Kent BR3 4TU (telephone: 0871 664 0321 or, if telephoning from outside the UK, +44 20 8639 3399). Calls to the Capita Registrars 0871 664 0321 number are charged at 10p per minute (including VAT) plus any extra costs charged by the relevant service provider. Calls to the Capita Registrars +44 20 8639 3399 number from outside the UK are charged at applicable international rates. Different charges may apply to calls made from mobile telephones. Calls may be recorded and monitored randomly for security and training purposes. Capita Registrars will not provide advice on the merits of the capitalisation issue or sale arrangement, nor give any financial, legal or tax advice in relation thereto.

Ordinary shareholders holding ordinary shares for a number of beneficial owners, one or more of whom will be beneficially entitled to 1,000 or fewer new preference shares pursuant to the capitalisation issue and who wish to avail themselves of the sale arrangement, should act immediately to transfer the relevant ordinary shares into (a) separate account(s).

Settlement and dealings

It is expected that the issue of the new preference shares will become unconditional, and dealings in the new preference shares, for normal settlement, will commence, on 28 September 2012. The new preference shares will be transferable by written instrument in any usual or common form.

The new preference shares will be issued in registered form and may be held in certificated or uncertificated form. New preference shares may be delivered in uncertificated form to member CREST accounts where the holders of ordinary shares to whom the shares have been allotted are CREST participants and, where applicable, have not elected not to participate in the sale arrangement. However, notwithstanding any other provision set out in this document, the company reserves the right in its absolute discretion to issue new preference shares to any such

shareholders in certificated form. In normal circumstances, this right is only likely to be exercised in the event of any interruption, failure or breakdown of CREST (or any part of CREST) or any part of the facilities under/or systems operated by the company's registrars in connection with CREST.

It is expected that CREST accounts will be credited in respect of new preference shares on 28 September 2012 and that share certificates in respect of new preference shares will be despatched by first class post on 12 October 2012. Pending despatch of share certificates in respect of the new preference shares to be held in certificated form, transfers will be certified against the register of members of the company. No temporary documents of title will be issued and rights to the new preference shares issued pursuant to the capitalisation issue will not be renounceable.

Holders of ordinary shares who are CREST sponsored members should note that they will not be sent any written communication by the company confirming the issue of new preference shares pursuant to the capitalisation issue.

It is further expected that CREST accounts will be credited and cheques will be sent by post to the ordinary shareholders entitled thereto (in each case in respect of cash proceeds arising from the sale of new preference shares pursuant to the sale arrangement) on or before 12 October 2012. Cheques will be crossed "account payee only" and will be drawn in favour of the relevant ordinary shareholders (or in the case of joint holders, the first named thereof).

Certificates in respect of new preference shares and cheques in respect of cash proceeds arising from sales of new preference shares pursuant to the sale arrangement will be sent to the persons entitled thereto at the risk of such persons.

Recommendation

The board considers that each of the capitalisation issue and the sale arrangement is in the best interests of the company and its shareholders as a whole.

Accordingly, the board recommends that all ordinary shareholders vote in favour of the two resolutions set out in the notice of the extraordinary general meeting of the company convened for 27 September 2012 as the directors (and persons connected with them as defined in section 96B(2) of the Financial Services and Markets Act 2000) intend to do in respect of their own holdings comprising 11,359,916 ordinary shares (representing 34.0 per cent of the issued ordinary share capital of the company).

Attention is drawn to the further information set out in Part II of this document.

(b) *Restrictions on shares*

If a member or any person appearing to be interested in shares in the company has been duly served with a notice pursuant to section 793 of the Act and is in default in supplying to the company information thereby required within 14 days from the date of service of such notice the company may serve on such member or on any such person a notice (a "**restriction notice**") in respect of the shares in relation to which the default occurred ("**default shares**") and any other shares held at the date of the restriction notice directing that the member shall not be entitled to be present or to vote at any general meeting or class meeting of the company. Where the default shares represent at least 0.25 per cent in nominal value of the issued shares of the company of the same class the restriction notice may in addition direct, *inter alia*, that any dividend or other money which would otherwise be payable on the default shares shall be retained by the company without liability to pay interest; where the company has offered the right to elect to receive shares instead of cash in respect of any dividends any election by such member of such restricted shares will not be effective; and no transfer of any of the shares held by the member shall be registered unless the member is not himself in default in supplying the information requested and the transfer is part only of the member's holding and is accompanied by a certificate given by the member in a form satisfactory to the directors to the effect that after due and careful enquiry the member is satisfied that none of the shares which are the subject of the transfer are default shares.

(c) *Dividends*

- (i) Preference shareholders are entitled to be paid out of the profits of the company available for dividend and resolved to be distributed a fixed cumulative preferential dividend of 9 per cent per annum (exclusive of the imputed tax credit available to preference shareholders) on the nominal amount paid up on such preference shares. The preference shares shall rank for dividend in priority to the payment of any dividend to the holders of any other class of shares. The preferential dividend shall be payable half-yearly in equal amounts on 30 June and 31 December in respect of the half years ending on those dates.
- (ii) Subject to the rights of the preference shareholders, ordinary shareholders are entitled to share equally with the other holders of ordinary shares (but as between them proportionately to the amount paid up on their respective shareholdings) in any dividend paid on the issued ordinary share capital of the company.
- (iii) The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the directors. Subject to the provisions of the Act, the directors may pay such interim dividends as they think fit and may pay the fixed dividends payable on any shares of the company half-yearly or otherwise on fixed dates. No dividend or interim dividend shall be paid otherwise than in accordance with the provisions of the Act.
- (iv) Subject to the Act and any priority, preference or special rights, all dividends shall be declared and paid according to the amounts paid up on the shares and shall be apportioned and paid proportionately to the amounts paid up on the shares during any portion of the period in respect of which the dividend is paid.
- (v) The directors may, with the sanction of an ordinary resolution of the company in general meeting, offer the shareholders the right to elect to receive new shares of the same class credited as fully paid instead of cash in respect of the whole or part of any dividend.
- (vi) Any dividend unclaimed for a period of 12 years after it became due for payment shall be forfeited and shall revert to the company.

(d) *Return of capital*

- (i) On the winding up of the company or any other repayment of capital the assets of the company available for distribution among shareholders shall be applied in repaying to the preference shareholders the amounts paid up in respect of the nominal value of such shares together with a sum equal to any arrears and accruals of the fixed dividend thereon to be calculated down to the date of the commencement of the winding up or the date of repayment of capital (as the case may be) and to be payable irrespective of whether such dividend has been declared or earned or not. The preference shares shall rank on the winding up of the company or any other return of capital in priority to any other shares of the company for the time being in issue.
- (ii) Subject to the rights of the preference shareholders and to any rights which may be attached to any other class of shares, any surplus assets of the company available for distribution among shareholders on a return of assets on a winding up shall be applied in repaying to the ordinary shareholders the

amounts paid up on such ordinary shares and, subject thereto, shall belong to and be distributed among such ordinary shareholders rateably according to the number of ordinary shares held by them respectively.

- (iii) On a liquidation, the liquidator may, subject to the Act and with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the shareholders in specie or in kind the whole or any part of the assets of the company and may, for such purpose, set such value as he deems fair upon any property to be divided and may determine how such division shall be carried out.

(e) *Variation of class rights*

If at any time the share capital of the company is divided into different classes of shares, the rights attached to any class of shares may, subject to the Act and any other act or regulation relating to companies (the "**Statutes**"), be modified, abrogated or varied either with the consent in writing of the holders of three-fourths in nominal value of the issued shares of that class (excluding any shares of that class held as treasury shares) or with the sanction of an extraordinary resolution passed at a separate general meeting of the holders of the shares of that class. To every such separate general meeting the provisions of Chapter 3 of part 13 of the Act (excluding sections 303 to 306) and the provisions of the articles relating to general meetings shall apply, *mutatis mutandis*, but so that the necessary quorum at any such meeting other than an adjourned meeting shall be two persons holding or representing by proxy at least one-third in nominal value of the issued shares of the relevant class (excluding any shares of that class held as treasury shares) and at an adjourned meeting one person holding shares of the class or his proxy. Any holder of shares of the relevant class present in person or by proxy may demand a poll upon which every holder of shares of that class shall be entitled to one vote for every such share held by him. The rights attached to any class of shares shall, unless otherwise expressly provided by the terms of issue of such shares or by the terms upon which such shares are for the time being held, be deemed not to be modified, abrogated or varied by the creation or issue of further shares ranking *pari passu* therewith.

(f) *Alteration of capital*

- (i) The company may by ordinary resolution increase its share capital, consolidate all or any of its shares into shares of larger amount, sub-divide all or any of its shares into shares of smaller amount and cancel any shares which at the date of the passing of the resolution have not been taken or agreed to be taken by any person.
- (ii) Subject to the provisions of the Statutes, the company may by special resolution reduce its share capital, any capital redemption reserve and any share premium account in any way.
- (iii) Subject to the provisions of the Statutes, all unissued shares of the company are at the disposal of the directors and any shares may be allotted on terms that they are redeemed or liable to be redeemed at the option of the company or the shareholders on the terms and in the manner provided for by the articles.
- (iv) Subject to the provisions of the Statutes, the company may purchase its own shares (including any redeemable shares).

(g) *Transfer of shares*

- (i) The instrument of transfer of a certificated share shall be signed by or on behalf of the transferor (and, in the case of a share which is not fully paid, by or on behalf of the transferee) and the transferor shall be deemed to remain the holder of the share until the name of the transferee is entered in the register in respect thereof. All transfers of certificated shares shall be effected by instrument in writing in any usual or common form or any other form which the directors may approve. The directors may, in their absolute discretion and without giving any reason, refuse to register the transfer of a share which is not fully paid (whether certificated or uncertificated) provided that where such shares are admitted to the Official List, such discretion may not be exercised in a way which the Financial Services Authority or the London Stock Exchange regards as preventing dealings in the shares of the relevant class or classes from taking place on an open and proper basis. The directors may likewise refuse to register any transfer of a share (whether certificated or uncertificated) in favour of more than four persons jointly. In relation to certificated shares, the directors may decline to recognise any instrument of transfer unless it is left at the registered office of the company or such other place as the directors may determine, accompanied by the relevant certificate and such other evidence as the directors may reasonably require to show the right of the transferor to make the transfer (and, if the instrument of transfer is executed by some other person on his behalf, the authority of that person so to do), and unless the instrument is in respect of only one class of share. If the directors refuse to register a transfer they shall, in the case of certificated shares, within two months after the date on which the transfer was lodged with the company, send to the transferee notice of the refusal and (except in the case of fraud) return to him the instrument of transfer or, in the case of uncertificated shares, notify such person as may be required by the Uncertificated Securities Regulations 2001 (the "Regulations") and the requirements of the relevant system concerned.
- (ii) Notwithstanding any other provision of the articles to the contrary, unless otherwise determined by the directors, any shares in the company may be held in uncertificated form and title to shares may be transferred by means of a relevant system (in each case as defined in the Regulations) such as CREST.

(h) *General meetings*

- (i) An annual general meeting shall be called by not less than 21 clear days' notice, and a meeting of the company other than an annual general meeting shall be called by not less than 14 clear days' notice. The notice shall specify the place, the day and time of meeting and the general nature of business to be transacted at the meeting. A notice calling an annual general meeting shall specify the meeting as such and a notice convening a meeting to pass a special resolution as the case may be shall specify the intention to propose the resolution as such and shall include the text of the resolution.
- (ii) The accidental omission to give notice of a meeting, of a resolution to be moved at a meeting or to issue an invitation to appoint a proxy with a notice where required by the articles, to any person entitled to receive notice, or the non-receipt of notice of a meeting or of such a resolution or of an invitation to appoint a proxy by any such person, shall not invalidate the proceedings at that meeting.
- (iii) No business shall be transacted at any general meeting unless a quorum is present. Except as provided in the articles, two shareholders present in

person or by proxy and entitled to vote shall be a quorum. If within five minutes (or such longer time as the chairman of the meeting may decide) from the time appointed for the meeting a quorum is not present, the meeting, if convened by or upon the requisition of the members, shall be dissolved. In any other case it shall stand adjourned to such day, time and place as the chairman of the meeting shall appoint. If at such adjourned meeting a quorum is not present within five minutes from the time appointed therefore, the member or members present in person or by proxy and entitled to vote shall have the power to decide upon all matters which could properly have been disposed of at the meeting from which the adjournment took place.

(i) *Non-UK shareholders*

There are no restrictions in the articles on the rights of non-UK shareholders to hold, or to exercise voting rights attached to or to receive dividends and distributions in respect of the shares. However, non-UK shareholders are not entitled to receive notices from the company unless they have given an address in the UK to which such notices may be sent.

4. **UK taxation**

4.1 General

The following paragraphs are intended only as a general guide to current UK tax legislation and to the current published practice of Her Majesty's Revenue and Customs ("HMRC"). They may not apply to certain categories of holders of shares, such as dealers in securities. Any person who is in any doubt as to his tax position is strongly recommended to consult his professional advisers immediately.

4.2 UK capital gains implications of the capitalisation issue

For the purposes of UK taxation of capital gains (or, for corporate shareholders, corporation tax on chargeable gains), the issue of new preference shares pursuant to the capitalisation issue should constitute a reorganisation of the ordinary shares. Accordingly, new preference shares issued to an ordinary shareholder pursuant to the capitalisation issue should normally constitute an addition to that holder's then holding of ordinary shares so that the resultant holdings of new preference shares and ordinary shares should be treated as the same asset (the "**new holding**") acquired on the same date or dates as the date or dates upon which the holder's holding of ordinary shares was acquired or deemed acquired (save that, where a non-corporate shareholder's holding of ordinary shares is treated as consisting of more than one holding for tax purposes, the new preference shares acquired will be attributed pro rata to those holdings).

For the purposes of computing the gain (or loss) on the subsequent disposal of the new holding or any part of it, the base cost of the new holding will be treated as equal to the base cost of the ordinary shares held by the relative holder of ordinary shares and will be apportioned between the ordinary shares and new preference shares comprised in the new holding by reference to their respective market values on the first day following the capitalisation issue on which a market value per share is quoted for each type of shares.

Indexation allowance is now only available for the purposes of corporation tax.

4.3 UK tax implications of the sale arrangement

The sale of new preference shares pursuant to the sale arrangement will constitute a disposal of part of the new holding (as defined in paragraph 4.2 above) which may,

depending on the individual circumstances of the relative holder of ordinary shares and any available exemption or relief, give rise to a chargeable gain or an allowable loss.

4.4 Taxation of dividends on new preference shares

(a) *Taxation of dividends paid to shareholders resident in the UK*

Under current UK tax legislation, no tax should be withheld at source from dividend payments by the company.

Non-corporate shareholders resident in the UK who receive a dividend paid by the company should generally be entitled to a non-refundable tax credit in respect of the dividend which they may offset against their total income tax liability. The rate of the tax credit is equal to 10 per cent of the sum of the dividend and the tax credit. Basic rate taxpayers should be subject to tax on the sum of the dividend plus the tax credit at the dividend lower rate which is currently 10 per cent. Accordingly, basic rate taxpayers should have no further liability to tax on dividends received. Higher rate tax payers should be liable to tax on the sum of the dividend plus the tax credit at the dividend upper rate (currently 32.5 per cent) against which liability they can offset the 10 per cent tax credit resulting in an effective rate of 25 per cent of the net dividend received. Taxpayers liable to the additional rate on incomes above £150,000 should be liable to tax on the sum of the dividend plus the tax credit at the dividend additional rate (currently 42.5 per cent) against which liability they can offset the 10 per cent credit resulting in an effective rate of 36.11 per cent of the net dividend received. Dividends received by non-corporate shareholders will, generally, be treated along with certain other investment income as the top slice of that shareholder's total income which is chargeable to UK income tax.

Subject to certain anti-avoidance provisions and exceptions for traders in securities and insurance companies, a corporate shareholder resident in the UK will generally not be liable to UK corporation tax on any dividend received from the company.

(b) *Taxation of dividends paid to shareholders resident outside the UK*

Shareholders resident outside the UK may be entitled to claim payment from HMRC in respect of part of the tax credit attached to the dividends to which they become entitled, depending on the provisions of any relevant double taxation convention or agreement. However, the amount retained by the UK under the convention or agreement generally covers the whole of the credit, so in most cases no amount of the tax credit is, in practice, repayable. Such shareholders should consult their own tax advisers as to entitlement and procedures as well as to taxation in their own jurisdiction.

4.5 Stamp duty and stamp duty reserve tax

(a) *New preference shares*

The issue of new preference shares pursuant to the capitalisation issue should not give rise to a liability to stamp duty or stamp duty reserve tax ("**SDRT**").

(b) *Transfer of new preference shares in certificated form*

An agreement to transfer new preference shares held in certificated form will normally give rise to a liability to SDRT, generally at the rate of ½ per cent of the amount or value of the consideration given, although if the agreement to transfer such new preference shares is completed by a duly stamped transfer to the transferee the stamp duty payable in respect of such transfer (generally at the rate of 50p per £100 (or part thereof) of the consideration given rounded up to the

nearest £5, save that no stamp duty is payable where the amount or value of the consideration is £1,000 or under and the instrument of transfer is certified at £1,000) will extinguish the liability to SDRT and permit a refund of any SDRT already paid to be claimed. Stamp duty and SDRT are customarily paid by a purchaser of new preference shares, although where a purchase is effected through a stockbroker or other financial intermediary, that person should normally account for the liability to SDRT and should indicate that this has been done in any contract note issued to a purchaser.

- (c) *Transfer of new preference shares into or out of CREST without change in beneficial ownership*

Where new preference shares are transferred into CREST without change in beneficial ownership or by a member of CREST to the beneficial owner (on whose behalf it has held them as nominee) no stamp duty or SDRT will normally be payable.

- (d) *Transfer of new preference shares within CREST or on dematerialisation with change of beneficial ownership*

Where a change in the beneficial ownership of new preference shares held in, or being transferred into, uncertificated form occurs and such change is for a consideration in money or money's worth (whether the transferee will hold such new preference shares in certificated or uncertificated form) a liability to SDRT at the rate of ½ per cent of the amount or value of the consideration will arise. This will generally be met by the new beneficial owner.

NOTES:

The company specifies that in order to have the right to attend and vote at the above convened general meeting (and also for the purpose of determining how many votes a person entitled to attend and vote may cast), a person must be entered on the register of members of the company at 6.00 pm on 25 September 2012 or, in the event of any adjournment, at 6.00 pm on the date which is two days before the day of the adjourned meeting. Changes to entries on the register of members after this time shall be disregarded in determining the rights of any person to attend or vote at the meeting.

Only holders of ordinary shares are entitled to attend and vote at the above convened general meeting. A holder of ordinary shares may appoint another person as that holder's proxy to exercise all or any of the holder's rights to attend, speak and vote at the meeting. A holder of ordinary shares may appoint more than one proxy in relation to the meeting provided that each proxy is appointed to exercise the rights attached to (a) different share(s) held by the holder. A proxy need not be a member of the company. A form of proxy for the meeting is enclosed. To be valid, forms of proxy and other written instruments appointing a proxy must be received by post or by hand (during normal business hours only) by the company's registrars, Capita Registrars, by no later than 11.00 am on 25 September 2012.

Completion of a form of proxy or other written instrument appointing a proxy, or any appointment of a proxy submitted electronically through the CREST electronic proxy appointment service as described below, will not preclude a holder of ordinary shares from attending and voting in person at the meeting if such holder wishes to do so.

CREST members may register the appointment of a proxy or proxies for the above convened general meeting and any adjournment(s) thereof through the CREST electronic proxy appointment service by using the procedures described in the CREST Manual (available via www.euroclear.com/CREST). CREST personal members or other CREST sponsored members, and those CREST members who have appointed (a) voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

In order for a proxy appointment or instruction regarding a proxy appointment made or given using the CREST service to be valid, the appropriate CREST message (a "**CREST proxy instruction**") must be properly authenticated in accordance with the specifications of Euroclear UK & Ireland Limited ("**Euroclear**") and must contain the required information as described in the CREST Manual (available via www.euroclear.com/CREST). The CREST proxy instruction, regardless of whether it constitutes a proxy appointment or an instruction to amend a previous

proxy appointment, must, in order to be valid, be transmitted so as to be received by the company's registrars (ID: RA10) by 11.00 am on 25 September 2012. For this purpose, the time of receipt will be taken to be the time (as determined by the time stamp applied to the message by the CREST applications host) from which the company's registrars are able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. The company may treat as invalid a CREST proxy instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

CREST members and, where applicable, their CREST sponsors or voting service provider(s) should note that Euroclear does not make available special procedures in CREST for particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST proxy instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed (a) voting service provider(s), to procure that such member's CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service provider(s) are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The rights of members in relation to the appointment of proxies described above do not apply to persons nominated under section 146 of the Companies Act 2006 to enjoy information rights ("**nominated persons**") but a nominated person may have a right, under an agreement with the member by whom such person was nominated, to be appointed (or to have someone else appointed) as a proxy for the above convened general meeting. If a nominated person has no such right or does not wish to exercise it, such person may have a right, under such an agreement, to give instructions to the member as to the exercise of voting rights.

Any corporation which is a member can appoint one or more corporate representatives who may exercise on its behalf all of its powers as a member provided that they do not do so in relation to the same shares.

Any member attending the above convened general meeting has the right to ask questions. The company must cause to be answered any such question relating to the business being dealt with at the meeting but no such answer need be given if (a) to do so would interfere unduly with the preparation for the meeting or involve the disclosure of confidential information, (b) the answer has already been given on a website in the form of an answer to a question, or (c) it is undesirable in the interests of the company or the good order of the meeting that the question be answered.

A copy of this notice, and other information required by section 311A of the Companies Act 2006, may be found on the company's website www.rea.co.uk.

As at the date of this notice, the issued share capital of the company comprises 33,414,545 ordinary shares and 44,068,553 9 per cent cumulative preference shares. As stated above, only holders of ordinary shares (and their proxies) are entitled to attend and vote at the above convened general meeting. Accordingly, the voting rights attaching to shares of the company exercisable in respect of each of the resolutions to be proposed at the meeting total 33,414,545 as at the date of this notice.

Shareholders may not use any electronic address (within the meaning of section 333(4) of the Companies Act 2006) provided in this notice (or any other related document including the form of proxy) to communicate with the company for any purposes other than those expressly stated.
