R.E.A. Holdings plc (“REA” or the “company”) Further re selling prices

Further to the company's announcement yesterday (20 June 2022) regarding selling prices for crude palm oil (“CPO”) and crude palm kernel oil (“CPKO”), the Indonesian government has published two revised scales of export levy, the first effective from 14 June to 31 July 2022 and the second from 1 August 2022.

This means that combined export levy and export duty applicable to CPO going forward are as set out below. The combined tariffs for the period 14 June to 31 July 2022 are stated before the additional duty of \$200 per tonne that is payable until 31 July 2022 by exporters of CPO electing for waiver of compliance with the domestic market obligation (“DMO”) rules.

The net effect of the previously announced increases in export duty and the now announced changes in export levy is that the combined export tariffs payable at the current CPO reference price of \$1,700 per tonne will be \$488 per tonne (before DMO waiver duty) until 31 July 2022 and thereafter \$528 per tonne, reductions of, respectively \$87 and \$47 per tonne, on the combined tariffs payable before the recent changes covered by the company’s announcements of yesterday and today.
